JAPAN'S EMPEROR READY FOR PEACE

Mikado's Terms For Ending Big War In the Far East.

SECURITIES GO UP ON MARKET

London Hears that American Secretary of State Cabled Japan at Request of Czar—Belief that Kuropatkin Is Now Being Consulted.

London, Feb. 13.—Whehter it be true or not that the chancelleries of Europe and the state department at Washington are discussing a plan to end the war between Japan and Russia the fact remains that reports come from high sources in all the capitals of the civilized world that a movement is well under way to bring the conflicting Powers together at least for an exchange of views. From Berlin comes the report that Secretary Hay has already cabled Lord Lansdowne, the British Minister for Foreign Affairs, who has in turn communicated with the Japanese government, which has expressed a willingness

MUTSUHITO, EMPEROR OF JAPAN.

to talk the matter over. This action of Mr. Hay it is asserted, was due to a message, either from the czar or the cabal of grand dukes, to Count Cassini asking him to have Hay sound the Japanese.

Securities Are Up.

As a result of these rumors the market for both Russian and Japanese securities showed unusual strength and there was a decided feeling of buoyancy among holders of bonds. Even German investors, who have shown little interest hertofore, were buyers, and the Berlin bourse there was a strong upward tendency.

Another thing which would seem to give credence to the reports is the fact that the transiberian telegraph line has been so busy for the last three days with government business that no private messages have been sent or received. This would look as if General Kuropatkin was being consulted as to the plan for ending hostilities. Another thing which has a strong effect on the opinions of the diplomats is the fact that Russia has within a few days cancelled large orders for supplies and ammunition here and on the continent. This is known to be true in spite of a half-hearted effort to discredit it.

It is declared in well-informed circles that both powers are willing to end the war if it can be done without humiliation to either. The greatest difficulty in the way is the question of indemnity.

Demands of Japan.

An intimation of the demands which Japan will make came in a telegram from Paris. It declares that first of all Japan will demand a protectorate over Korea and the restoration of the island of Saghlen, which was forcibly taken from the mikado by Russia several years ago. Another demand will be the demolition of the fortifications at Vladivostok and the making of that port free to the commerce of the whole world. Port Arthur must remain in the possession of Japan, who will insist upon control of the railroad from that port to Harbin. The indemnity to be asked will be the cost of the war since the last overtures of peace, which were made three months ago.

The Chronicle's St. Petersburg correspondent asserts that M. Witte has informed a friend that peace must be obtained at any cost.

It is reported that the followoing terms would be acceptable to Russia:

The recognition of Chinese sovereign in Manchuria; the Liao Tung peninsula and Port Arthur by both Russia and Japan, and giving to China permission to lease those territories to Japan for a period of 99 years. Russia is willing to evacuate Manchuria, but demands the retention of Saghlen and Vladivostok. It is stated that the czar is unwilling to pay an indemnity.

TO REPEAL WOMAN SUFFRAGE.

Kansas Legislator Wants Voting Franchise Took Away from Females.

Topeka, Kans., Feb. 13.—In his message to the Kansas legislature Governor Hoch suggested that suffrage be extended so that women may vote for presidential electors.

Senator Hackney introduced a bill to deprive women of the right to vote at municipal elections, in part as follows:

"Whereas, In the days gone by the good and fair name of our citizenship has suffered in the estimation of the people of older communities by reason of our polyglot, Populistic idiosyncracies, Socialistic vagaries and political inconsistencies, evidenced by the advocacy of 'sub-treasurey,' 'referendum,' 'limited marriages,' 'no divorces,' 'woman suffrage,' 'prohibition, the father of lies and the mother of prejudice and the breeder of bribery, municipal and state,' the examination of inhabitants for legal cohabitation, and the whole breed of like hurly-burly, crazy-quilt patchwork, legislative monstrosities and political mendacities, each and all a menace to purity in public life and to the peace and good order of society.

"Be it enacted by the legislature of the state of Kansas, entitled 'An Act Conferring Upon the Women the Right to Vote at City Elections and to Hold Certain Offices,' be, and the same is hereby repealed."

SENATOR'S $350 HANDSHAKE.

Confessed Briber Tells How He Bought Four Lawmakers.

Sacramento, Cal., Feb. 13.—In the senatorial bribery investigation Joseph S. Jordan, who was accused of having been the agent of the four accused senators, has taken the witness stand and testified that the charges were true.

Jordan in his testimony said that he was employed by Clarence Graude, of the Phoenix Building and Loan association, to see Senators French, Bunkers, Emmons and Wright. Jordan said he went to see Senator Bunkers and asked him if $350 would be enough for each senator's help. Bunkers said it would.

Jordan said Detective Tichenor gave him the four rolls of greenbacks containing $350 each, and then Jordan went to a saloon to meet Senator Emmons. Taking a roll of greenbacks, $350 in all, from his pocket, he shook hands with Emmons, leaving the roll in Emmons' hand. He paid a like sum to each of the other three senators.

Pittsburg Phil Leaves Big Fortune.

Pittsburg, Pa., Feb. 13.—John Staley of Pittsburg, who made the first book with the late "Pittsburg Phil" years ago and who has been very close to him all his life, said that the late plunger had left a fortune of fully $1,500,000. Mr. Staley says the turfman had valuable property on Seventy-second street, New York, that he carried $600,000 Manhattan Elevated stock which he bought some years ago at 149 and which is now worth about 174. Smith, he said, had invested about $500,000 more in the last three years, intending to retire from the turf this winter.

Insanity No Cause for Divorce.

Montgomery, Ala., Feb. 13.—The supreme court has held that E. B. Price, of Tallapoosa county, cannot secure a divdrce from his wife, though she is an inmate of the state insane asylum at Tuskaloosa, and has been of unsound mind for 10 years. The couple lived together for a long time and reared several children.

OBJECTS TO CHANGE OF WORD IN TREATY

President Sends Warm Letter To Senator Cullom.

ALL CABINET MEMBERS RESIGN

The President Will Re-Appoint Them With the Exception of Postmaster General Wynn, Who Will Be Superceded by Cortelyou.

Washington, Feb. 13.—President Roosevelt has addressed a letter to Senator Cullom, chairman of the committee on foreign relations, stating that action of that committee in adopting the arbitration treaties by substitute for the word "agreement" the word "treaty," is, in his opinion, not a step forward, but a step backward. If the word treaty is substituted, the treaty will amount to a specific announcement against the whole principle of a general arbitration treaty. The president also says that if in the judgment of the president an amendment nullifies a proposed treaty is seems to him that it no less clearly is his duty to refrain from endeavoring to secure a ratification of the amended treaty.

President's Cabinet Resigns.

Washington, Feb. 13.—The following statement was made public at the White House today:

"The members of the cabinet have all tendered their resignations and on the 6th of March they will all be nominated for reappointment, with the exception of of Mr. Wynne, who is to be appointed consul general of London. Mr. Cortelyou will be named on March 6th for postmaster general."

President's Carriage Upset.

Washington, Feb. 13.—As one of the president's carriages was beingn driven from the White House to the stables Friday, an automobile cut across ahead of the team at the corner of Seventeenth street and Pennsylvania avenue. The horses became frightened and ran on the sidewalk, striking an iron fence. The carriage was upset and the driver, Julius Wheeler, thrown to the ground, receiving severe bruises on the right hip. The horse that struck the fence was thrown down and cut. The carriage had just brought Miss Jean Reid, the daughter of Whitelaw Reid, to the railway station and was being returned to the stables.

SCHOOLBOY STABS HAZER.

Attacks Ringleader with Knife and Inflicts Serious Wound.

Richmond, Va., Feb. 13.—A quarrel between school boys of the Berryville High school at Berryville resulted in the probable fatal wounding of James Rutherford, 19 years old. He was stabbed with a pocketknife by Grover Bush, who is about the same age. The blade penetrated Rutherford's right side.

The boys were attempting to haze young Bush, when the latter became infuriated and drew his knife. Rutherford was the ringleader of the hazers. Bush has been arrested and will be held to await the outcome of Rutherford's injuries.

New Indictment Against Woman.

Cleveland, O., Feb. 13.—The United States grand jury was in session Friday and it is reported heard additional charges against Mrs. Carrie L. Chadwick and Cashier Spear, of the closed Citizens' bank of Oberlin. It was stated that United States Marshal Chandler was the chief witness before the grand jury today. He gave the jury a copy of the confession of the late President Beckwith, secured from the latter after Mrs. Chadwick's arrest. Among other witnesses who testified were Charles Stark, national bank examiner, who has the Oberlin bank in charge; Robert Lyons, the receiver for the failed bank and several directors of the concern. It said case before the grand jury has been reopened in view of recently another indictment against Mrs. Chadwick.

ONE HUNDRED HURT IN WRECK.

East Side New York "L" Has a Very Bad Smash Up.

New York, Feb. 13.—In a rear-end collision between two Second avenue elevated trains at the One Hundred and Forty-ninth street station at 6:10 o'clock Friday night, one hundred persons were injured. A crowded six-car train was standing at the platform when a train coming north crashed into the rear at full speed.

Every window in both trains was smashed and the lights extinguished. Glass and wreckage flew through the darkness and inflicted many wounds. The passengers were thrown into a panic and in the stampede to escape women were crushed under foot.

It was during the rush hour that the accident occurred. The platform at One Hundred and Forty-ninth street had become overcrowded as no train had been along for several minutes. This is the transfer station from the Third to the Second avenue "L" and to the new road to West Farms.

When the train pulled in every one made a rush for it. The cars were soon filled to the gates. Those left on the platform were fighting to get on when the crash came. There were hundreds of girls in the crowd and their screams added to the terror.

NEW YORK THEATER BURNING.

The Famous Casino Is on Fire—One Chorus Girl Is Injured.

New York, Feb. 15.—The Casino theater is on fire.

The "Lady Teasle company," that has been playing at the Casino for some weeks, is headed by Lillian Russell. The theater is a large, brick building at the corner of Broadway and Thirty-ninth street. It was built in the eighties, and was famous for a long time as the home of the Aronson's musical company. The auditorium in the house is one story above the street level, and is reached by a winding staircase. This fact makes it doubly fortunate that there was no audience in the house when the fire started. Every one escaped from the theater without serious injury.

One chorus girl was slightly hurt, and the stage carpenter was overcome by smoke, but was taken out in safety. The building will be a total loss. The fire gained great headway owing to the insufficient water supply.

Lillian Russell was not in the house at the time of the fire.

WRECK CAUSES MANY DEATHS

Reports Differs as to Number Killed On Mexican Railway.

Laredo, Tex., Feb. 13.—Passenger train No. 4, over the National Railway of Mexico, known as the Mexico St. Louis Express, which left here yesterday morning, collided with a freight train at Carnesros, Mex.

It is not definitely known how many persons are dead, but rumor states that 13 persons are dead, and 17 injured.

Inquiry at the office of the National railroad, in this city, elicited the report that nothing could be learned of the wreck here, officials stating that they had no details.

It is later asserted by an employe that the telegraph operator at Saltillo, the first station north of Carneros reported that one person had been killed. Carneros is on the middle division of the railroad and 258 miles south of Laredo.

Mississippi Will Not Be Represented.

Washington, Feb. 13.—Governor Vardaman, of Mississippi, has written to the sub-committee on inaugural indicating that he will have nothing to do with the inauguration, and will not send a delegation of high school students or any other delegation to participate in the inauguration. The letter was addressed to L. Q. C. Lamar, of this city, a former Mississippian, and is in response to an invitation to send a delegation of representative high school students.

Brooklyn Bridge Closed to Pedestrians.

New York, Feb. 13.—Icicles on the trestles of the bridges across East river have been a source of great danger since the rain of Thursday night, and the police were finally compelled to close Brooklyn bridge to foot passengers. Some of the icicles were many feet in length and weighed more than a hundred pounds.

MAXIM GORKY TO UNDERGO TRIAL

Russian Iron Masters Clamor For Better Labor Laws.

SITUATION SERIOUS IN LODZ

There Are 50,000 Men Out on Strike in Sosnovice Districts—Official Reports from that Point Shows that 33 People Have Been Killed.

St. Petersburg, Feb. 13.—It is reported that Maxim Gorky has been sent to Riga to undergo his trial. He was permitted to travel first-class, paying his own fare.

The society of the Russian Iron masters, representing $600,000,000 of capital, has memorialized M. Witte, president of the committee of ministers on the labor question, pointing out that the attitude of the people is a warning that "no repressive measures will end the deeply rooted national movement of the Russian people."

The iron masters further declare that normal relations between workmen and their employers are only

MAXIM GORKY.

possible with system of government, based on justice and with participation of both the employers and employes in legislation equality for all before the law and inviolability of domicile, freedom of speech and press, and individual compulsory education.

Lods, Feb. 13.—The governor in an interview with the correspondent of the Associated Press today said:

"My official reports from Sosnovice show that 33 persons were killed and 36 wounded, 18 of whom were seriously hurt in the conflict Thursday. The trouble began when a large body of striking miners tried to force the furnace men of the iron works to put out the fires and join the strikers. Mob violence became general and the strikers broke down a fence and forced an entrance into the works, which were guarded by two companies of infantry. The officers ordered the men to leave, but they refused. Suddenly a striker drew a large knife and rushed at an officer. The soldiers then fired on the mob.

There are 50,000 men out on strike at Sosnovice district.

Declines Re-election to Zemstvo.

Moscow, Feb. 13.—Prince Troubetskoy, president of the Moscow zemstvo, has informed the assembly of nobles that he declines re-election as provincial minister of the nobility. Addressing a meeting of the nobles Prince Troubetskoy declared that all throughout his tenancy of office he had always striven to maintain harmony among the nobility of Moscow and throughout Russia, but as a split has many manifested itself regarding the debate in the recent address of the emperor, he had decided not to seek re-election.

The assembly tried to induce Prince Troubetskoy to reconsider his decision, but he refused to do so.

Japs Drive Off Russians.

Tokio, Feb. 11.—4 p. m.—Japanese captured an eminence south of Cusangshih Pan on Thursday morning, Feb. 9, driving off two companies of Russian infantry.

The Russians have continued shelling Fish Marshal Oyama's center and left wing Thursday last.

SUNDAY BIG DAY AT TABERNACLE

Largest Congregations of Session Were Present on That Day.

REVS. GWILYM AND TIGERT

Interested the Audiences, the Former in the Afternoon, the Latter in the Evening—Dr. Gwilym Made Big Hit, and Dr. Tigert Was Good.

Sunday at the Tabernacle was a big day, and the hundreds who attended the services were greatly impressed with the great work of the day.

There was no service in the morning, owing to the services at the various churches, all of which gave way in the afternoon and evening to the exercises at the Bible Conference.

In the afternoon Rev. David Vaughn Gwilym delivered a most interesting sermon on "The Love Song of Jehovah." Dr. Gwilym is one of the finest speakers ever heard in this section. He is a man full of spiritual energy, full of eagerness, eloquent and impressive, and never fails to interest his audience. He was here last year, and made the most favorable impression of any speaker during the session, with the possible exception of Dr. W. E. Blackstone. Dr. Gwilym was full of the spirit, and in a most impressive manner kept the large audience interested for nearly an hour.

In the evening at the Tabernacle Dr. John J. Tigert of Nashville, late professor of Vanderbilt University, editor of The Methodist Review, and said to be one of the finest preachers in the South, delivered the sermon. Dr. Tigert was greeted by a fine congregation—in fact the largest of the session so far—and his remarks were listened to with a great deal of interest.

Monday morning Dr. Gwilym gave one of his interesting "Quiet Hour" lectures, the subject being "The Servant and His Lord." It was originally planned to hold these lectures in Holy Trinity Church, but they became so popular that the little church could not accommodate those who desired to hear them, consequently the speaker consented to hold them in the Tabernacle. The lecture begins promptly at 9 o'clock and lasts for forty-five minutes, which does not interfere with the regular morning service at the Tabernacle, beginning at 10 o'clock.

At 10 o'clock Dr. Tigert gave an interesting lecture. At 3 o'clock in the afternoon Dr. Gwilym again lectured, and in the evening Dr. Tigert filled the pulpit and delivered a most interesting sermon.

Among the latest arrivals at the Conference are Dr. Tigert and Prof. Chas. D. Tillman of Atlanta, one of the greatest gospel singers in the South. He will remain here during the balance of the Conference, and will assist Miss Munford in conducting the choir. Dr. Tigert will also remain here during the Conference, and his great preaching is destined to inspire those who love God's work.

Forgery Charged.

Claude Wells presented a check at the bank here last Tuesday for $75, signed C. H. Hollandsworth, and tried to have it cashed. When told he would have to be identified he left and did not return. When time came for closing and he did not reappear, Cashier Neville became suspicious and asked Mr. Hollandsworth about it. Mr. Hollandsworth denied having given the check, and search for the young man began. He was arrested the same evening and was tried before Mayor Barksdale Wednesday morning. The defendant waived examination and was bound over in $300 bond for his appearance at circuit court. The young man is said to be from Alachua. When arrested a number of checks for various amounts, with different names signed to them, were found on him. —Dunnellon Advocate.

What is a Backache?

IT IS NATURE'S WARNING TO WOMEN

Diseases of Woman's Organism Cured and Consequent Pain Stopped by Lydia E Pinkham's Vegetable Compound

"It seems as though my back would break." Women utter these words over and over again, but continue to drag along and suffer with aches in the small of the back, pain low down in the side, "bearing down" pains, nervousness and no ambition for any task.

Mrs. Elizabeth H. Thompson

They do not realize that the back is the mainspring of woman's organism, and quickly indicates by aching a diseased condition of the womb or kidneys, and that the aches and pains will continue until the cause is removed.

Lydia E. Pinkham's Vegetable Compound for twenty years has been the one and only effective remedy in such cases. It speedily cures all womb and kidney disorders and restores the female organs to a healthy condition.

Here is one case among thousands:

"I consider Lydia E. Pinkham's Vegetable Compound the most wonderful remedy in the world for sick women. For a long time I suffered with a severe backache and bearing-down pains; in fact, I had womb trouble. Reading of the remarkable cures your Compound had made I decided to try it, and I am happy to say that it not only cured me entirely of all my troubles but made me a strong, well woman."—Mrs. Elizabeth H. Thompson, Lily Dale, N. Y.

No other medicine holds such a record of cures of female ills as does Lydia E. Pinkham's Vegetable Compound.

No other person can give such helpful advice to women who are sick as can Mrs. Pinkham, for none have had such a great experience. Her address is Lynn, Mass., and her advice free.

IDLE BOAST VERY COSTLY.

Snake Charmer Fails to Charm Reptile and Is Bitten.

New Orleans, La., Feb. 13.—Will Honts, while trying to charm snakes at a show at Lutcher, was stung in the mouth by a little land moccasin, and now he is in the hospital here.

Honts, who comes from Lewis, Ind., was a snake charmer for the past six years and has been with a number of circuses. He announced he could charm any snake brought to him.

The moccasin was brought to the stage by a spectator. Honts opened his mouth and put the snake's head in. The moccasin stung at once, and Honts as soon as the fangs bit him, jerked the snake out of his mouth.

There was a good deal of excitement and the show closed. Honts was taken to New Orleans on a special train.

When Honts was brought here Surgeon Stafford saw the injury was serious and that the sting was in the roof of the mouth. The chest began swelling, and Honts has difficulty in talking.

IROQUOIS MANAGER GOES FREE.

Indictment Against Theatrical Man on Account of Fire Is Quashed.

Chicago, Feb. 13.—The indictment for manslaughter which has been pending for a year against Will J. Davis, manager of the Iroquois theater at the time of the fatal fire, was quashed by Judges Kersten and Green. Intimated he would quash the indictment against Thomas J. Nooman, business manager, and James Cummins, the stage carpenter.

The Iroquois Memorial association and States Attorney Healy will present evidence against Davis, Noonan and Cummins to the next grand jury and attempt to secure other indictments.

THE FIRST PRINTING.

Some of the Earliest Examples of the Art Preservative.

The following are the earliest known examples of printing—two indulgences, printed usually on one side only of a single piece of vellum and two magnificent Bibles. Of these one is known to be the first complete book that ever was printed by the wonderful new invention, which, as the early printers so often proudly state in their colophons, produced "letters without the aid of any sort of pen, whether of quill, of reed or of metal."

The first piece of printing which is actually dated is the famous indulgence of Nicholas V. to such as should contribute money to aid the king of Cyprus against the Turks. This indulgence has the printed year date 1454, and a copy in The Hague museum has the date "Nov. 15" filled in with a pen. Mr. Duff tells us that "in the years 1454 and 1455 there was a large demand for these indulgences, and seven editions were issued. These may be divided into two sets, the one containing thirty-one lines, the other thirty lines, the first dated example belonging to the former."

This thirty line edition is shown to have been printed by Peter Schoeffer de Gernsheim by the fact that some of the initial letters which occur in it appear in another later indulgence of 1489, which is known to have come from his press.—Saturday Review.

TREATING A SPRAIN.

Perfect Rest and Hot Fomentations the First Requisites.

The question of how to treat a sprain is often raised. Everybody understands the nature of a sprain; that wrenching of a joint whereby some of the ligaments (those very useful bands which unite the bones forming the joint) are violently stretched or perhaps even ruptured. This kind of injury is rarely, except through unusual complications, dangerous in its nature, but it is certainly very painful and when of a serious nature may result in the permanent impairment of the joint. Such an injury, if at all severe, is immediately followed by marked swelling of the parts, and prompt attention should be given anticipating the surgeon's coming. The very first item in the treatment of a sprain is perfect rest of the limb until a doctor can be summoned. Reduce the swelling by applications of hot fomentations as hot as can be endured, changing about once in every three hours. If a piece of oilskin be not at hand use common newspaper. Wind it carefully outside the hot cloth. This will prevent the escape of the steam and prevent the cloth from cooling. A good way to save the hands from being scalded is to place the hot, dripping flannel in a towel, then, taking hold of each end of the towel, to wring it until the flannel is dry enough to apply.

Health

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without it's upsetting the liver and poluting the blood. Such a condition may be best and quickest obtained by Herbine, the best liver regulator that the world has ever known. Mrs. D. W. Smith writes, April 3, 1902: "I use Herbine, and find it the best medicine for constipation and regulating the liver I ever used." Price 50 cents. Sold by W. M. Johnson.

THE WHITE CZAR.

Russia's Ruler Owes This Title to the Slip of a Pen.

The czar of Russia owes one of his titles to a slip of the pen. The Chinese character pronounced Hwang, meaning emperor, was originally compounded of two elements, meaning "oneself" and "ruler," by which it was intimated that an emperor or ruler of men should, before all things, be master of himself.

In after ages, however, by the omission of a single stroke, this character assumed its present corrupted form, in which the component elements signify "white" and "ruler," white having taken the place of the original "oneself."

Some years ago it was pointed out by a St. Petersburg correspondent of the London Times that this had been literally translated by the Mongols into tchagan khan, and then by the Russians into, blely czar, or the "white czar," by which name the emperor of Russia is now known throughout the whole of Asia.—London Telegraph.

ALACHUA WILL ENTERTAIN KNIGHTS

Big Time Anticipated at District Convention There Thursday.

THE PROGRAM A FINE ONE

Will Comprise a Number of the Finest Speakers in the Order—District Deputy Grand Chancellor Dow to Preside—Big Time Anticipated.

Alachua Lodge No. 82, Knights of Pythias, is preparing for a big district convention, to be held in that town on Thursday afternoon, February 16. The good people of Alachua never believe in doing things half-way, which is an assurance that those who attend will be entertained royally. The last two meetings have been held with Mount Vernon Lodge, Gainesville, and Brother LeRroy N. Pearce, who is not only one of the leading citizens of Alachua but one of the most loyal Knights in the South, and one of the cleverest fellows "what ever happened," has promised the visiting Brothers a good time. This alone is a sufficient inducement for a large attendance.

The convention will assemble at the castle hall of Alachua lodge at 2:30 p. m., District Deputy Grand Chancellor W. E. Dow presiding, and the program will be as follows:

Address of Welcome—Chancellor Commander S. J. Ellis, Alachua.

Response to Address of Welcome—Geo. M. Lynch, Gainesville.

Roll call of lodges and reports of representatives.

Subjects for Discussion.

"What Influences Are Necessary to Improve the Rank Work?"

Discussion opened by Brother Joe Sherouse of Jacksonville, and J. R. Fowler of Bronson.

"What Efforts Should Be Used to Increase Enthusiasm Among Officers and Members of the Lodge?"

Discussion opened by N. T. Ritch, Starke, and L. J. Burkhim, Gainesville.

"What Effort is Being Made in Lodges to Re-instate Suspended Members?"

Discussion opened by J. H. Coffee, Waldo, and A. L. Adams, High Springs.

Short Talks—"Good of the Order."

Evening Session—Conferring Rank of Esquire by Alachua Lodge No 82, 8 p. m.

10 p. m., refreshments—L. N. Pearce, Toastmaster.

AT THE OPERA HOUSE.

J. C. Lewis and His Company Presented "Si Plunkard" Admirably.

Despite the inclement weather, a large audience greeted the talented young comedian, J. C. Lewis, and his company in the presentation of the revised rural comedy, "Si Plunkard," at the opera house Monday evening.

The play was good throughout, each role having been assumed with a realness which would have done credit to "sure enough" country folks from the New England farm. The play was handled in a clever manner, and all who attended were well pleased.

The music and specialties were especially good, the singing being as fine as ever heard on this stage.

When You Have a Cold.

The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucous and causes its expulsion from the air cells of the lungs, produces a free expectoration and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment, and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. For sale by all druggists.

The Last Recourse.

"No work," said the man gloomily, "and not a thing in the house to eat. What shall we do?"

"There is nothing for us to do," replied his wife, "but to take in boarders."—Philadelphia Ledger.

The brightest blaze of intelligence is of incalculably less value than the smallest spark of charity.—Nevins.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

OVER THE 'PHONE.

System of East Florida Telephone Company is in First-Class Order.

The Sun reporter dropped into the central office of the East Florida Telephone Company, which is located in the office of the Abstract and Realty Company, Saturday, and through the courtesy of Manager E. E. Volye had the satisfaction of talking to several neighboring points. The instruments were clear and distinct, and for a distance of twenty miles a voice could be heard and recognized as though it was within a few feet.

Through the conversation it was ascertained that matters throughout the country were as quiet as in Gainesville, for a general rain was prevailing throughout the entire southern and southwestern sections of Alachua, and part of Levy county. 'Gus Morton, the clever superintendent of the Dutton Phosphate mines at Eve, declared over the 'phone that the weather was wet but he was dry, and requested the reporter to send him down "something" from Gainesville to keep him in good humor. Dr. Crawford at Micanopy complained of the rain, but said everybody was happy, despite the inclement weather. Dr. Crawford also stated that the Howze Dramatic Company, which was playing a week's stand in Micanopy, kept the people in a good humor in the evening, and they were too busy to get out of it in the daytime.

John P. Hester of Evinston declared there was "nothing doing" in the way of news in his section, but there was plenty of rain, and if the weather did not soon abate he proposed to visit Gainesville in a boat.

The telephone system now extends to many of the most important towns of the county, and the company is still building its lines. Within a few months Ocala and Gainesville will be connected, which will afford connection not only with these two cities, but with all principal intermediate points. The longest connection at present is between Eveand Clark, which is, as the line runs, fifty-seven miles. A conversation may be easily carried on between these two points.

To Steer Emigrants South.

Bremen, Feb. 13.—A plan to open an emigrant transportation line between Bremen and Galveston, reducing the price from $42.50 to $37.50, is announced by the North German Lloyd Steamship company. This action was suggested by Immigration Commissioner Sargent's recent speech, in which he said he meant to do everything possible to prevent emigrants settling en masse in New York and Chicago, and that he wants to see the stream of emigrants partly diverted to southwestern ports.

Periodic Pains.

Dr. Miles' Anti-Pain Pills are a most remarkable remedy for the relief of periodic pains, backache, nervous or sick headache, or any of the distressing aches and pains that cause women so much suffering.

As pain is weakening, and leaves the system in an exhausted condition, it is wrong to suffer a moment longer than necessary, and you should take the Anti-Pain Pills on first indication of an attack.

If taken as directed you may have entire confidence in their effectiveness, as well as in the fact that they will leave no disagreeable after-effects.

They contain no morphine, opium, chloral, cocaine or other dangerous drugs.

"For a long time I have suffered greatly with spells of backache, that seem almost more than I can endure. These attacks come on every month, and last two or three days. I have never been able to get anything that would give me much relief until I began the use of Dr. Miles' Anti-Pain Pills, and they always relieve me in a short time. My sister, who suffers the same way, has used them with the same results." MRS. PARK, 721 S. Michigan St., South Bend, Ind.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.

Deceptions of Wild Birds.

Falcons—hawks, the largest species—can compress their features and look very slim if they think it necessary to do so. As to the owls, they can hump up into any position they think most suitable. It is useless to look for these self preserving traits in any of the family kept in zoological collections, for the birds are so accustomed to see large numbers of people passing and repassing or standing in front of them that they treat the whole matter with perfect indifference. They know that at a certain time their food will be brought to them and that they are otherwise perfectly safe. Then the raptores in a wild state have a bloom on their plumage like the bloom on a bunch of grapes, which is not often seen when in captivity.

Croup

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doeses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment to the throat.

Mrs. A. Vliet, New Castle, Colo., writes, March 19th, 1901: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant." 25c, 50c and $1. Sold by W. M. Johnson.

A Compromise.

In the nursery the letter of the law occasionally leaves something to be desired, according to the London Chronicle. A very little lady had been told that it was rude to contradict. She schooled herself not to contradict with great conscientiousness, but one day a half jesting accusation made against her by some unsuspecting member of the grownup part of the house nearly made her fall from a state of grace. Luckily her imagination supplied her with a compromise. In a voice trembling with tears and passion she gasped out, "I—I really think you are mistaken—you—you beast!"

Poisons in Food.

Perhaps you don't realize that many pain poisons originate in your food, but some day you may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of undigested food—or money back. 25c at all drug stores. Try them.

Senator Beveridge of Indiana was a log roller at fifteen. He is older now but he is still in the same business.

Senator Lodge says the government seeds are a humbug. The farmer thinks so too, especially the seeds that were bought because they were cheap.

The Pennsylvania Railroad Company and the Carnegie Steel Company emphatically deny the assertion that they discharge their employes after they reach the age of 35 years.

The governor of Oklahoma and Governor Folk of Missouri are waging a war agains lobbyists. The chase suggests the famous recipe which begins, "First catch your hare."

After a glance at the picture of Hoch, the much married bluebeard, we have our belief in hypnotism strengthened. Most women would have required an aesthetic.

A Brooklyn minister wants to know why men who like games of chance do not go to Wall street instead of playing poker. Generally because the ante is too high and no limit on the game.

Senator Penrose has introduced a bill in Congress for the preservation of the English language. This bill should pass before Senator-Elect Tom Carter, the verbal assassin of undesirable legislation, returns to his seat.

The peach blossoms are plentiful now and give evidence of the health of the trees and promise of a full crop. The orange trees, strawberry plants and vegetables are doing fine. It is no use trying to keep Florida down. It is the garden-spot of the world.

Having reached the age limit, Chief Justice Fuller of the United States Supreme Court may retire. Should he retire from the bench he will be the first, all others having died in office. He will have an annual pension of $10,500 to keep body and soul together.

In speaking of a moving picture entertainment, an exchange says: "The life-motion pictures proved to be moral, amusing and instructive, consisting of train and bank robbers, surf bathing," etc. The moral effect of those pictures must have been inspiring to the youth.

While our settlement workers are teaching Shakespeare and Wagner to the masses they might profitably include a little intruding in buying. The penalty of buying in small quantities at greatly increased prices is a necessary one, but a little instruction in values would be a helpful and much needed reform.

The records of the Washington police courts show that the number of wife beaters arrested last year was greater than ever before. This it should be remembered makes no account of the wife beaters whose wives withdrew the charge against them and of course says nothing of the wives who were beaten and said nothing about it. If the whipping post for wife beaters for which Representative Adams' bill provides is passed, it may be safely predicted that wife beating will show a marked decline.

FLORIDA PRESS.

The annual meeting of the Florida State Press Association will be held at Lake City, March 22, 23 and 24, 1905, and a program of much interest has been prepared. The meeting will assemble at 7:30 p. m. of March 22, prayer being offered by Rev. J. B. Ley of The Christian Advocate, Live Oak.

The address of welcome will be delivered by Hon. Guy Gillen, State Senator from the Fourteenth district, and the response by C. L. Bittinger of The Ocala Star.

President Tom McBeath of this city will deliver the annual address.

The other portions of the program that will be of more than ordinary interest to the public will be as follows:

"What should constitute a newspaper libel?"

"The importance of the State Fair to the agricultural interests of the State."

"Where and why the public school system has proven a failure."

"Free advertising that should be paid for."

"The duty of the newspaper to the home."

"The primary law and political graft."

Secretary Appleyard will have everything in order for a big time.

FLORIDA CATTLE.

There is no denying the fact that Florida is as well fitted to produce beef battle as any section of the United States. The climate is favorable to the growth of cattle out of doors the year round, while in the colder portions the stock has to be housed in the mid-winter season.

The growing of forage crops in this State is not attended with as much labor as in the countries where much of the beef cattle are now produced. The fodder problem is not a difficult one, and the study of this part of producing cattle has shown that the beggar weed and the velvet bean are equal to the best forage the Northern stockmen have.

One other point of great importance is the infusion of the best breeds of beef cattle. The sooner this is done the sooner we can produce the best quality of meats.

THE BIBLE CONFERENCE.

The interest in the Bible Conference in this city continues with as much enthusiasm as could be expected, and it exceeds that of a year ago. On Saturday night, when a large attendance would hardly be expected, the large tabernacle was well filled with an attentive audience.

On Sunday evening the Tabernacle was again filled and the services were marked with expressions of approval of the earnest words of the Rev. Dr. John J. Tigert. Dr. Strouse expressed his satisfaction, both for the able discourses so far presented and effort made by the people of Gainesville to be present, as well as those who are here from abroad to attend the meetings.

The comptroller of the currency announces that the National Bank of Jacksonville has chosen W. R. McQuaid as assistant cashier. The Citizens' National Bank of Pensacola has made M. The spirit of hazing has infected even the primary classes in our schools. A seven-year-old boy in New York who failed of promotion to a higher class was teased by his classmates until he dropped dead. Nearly every man remembers a time in his boyhood when his only regret was that he couldn't drop dead.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Reading.

Reading is not a lost art to the same degree that conversation is, but it has in most cases an arrested development through so much reading that makes no demand upon aesthetic sensibility, so that one is apt to bring to a fine story full of delicate shades of thought and feeling the same mind which he yields to a newspaper, putting a blunt interrogation as to its meaning as conveyed in the terms of a rational proposition, and the writer's charm is wholly lost upon him.—Harper's.

A Courtroom Joke.

Lord Erskine, when chief justice of England, presided once at the Chelmsford assizes, when a case of breach of promise of marriage was tried before him in which a Miss Tickell was plaintiff. The counsel was a pompous young man named Stanton, who opened the case with solemn emphasis thus: "Tickell, the plaintiff, my lord." Erskine dryly interrupted him with: "Oh, tickle her yourself, Mr. Stanton. It would be unbecoming to my position."

How Some People Manage.

"I believe," said Mrs. Borrough, "that if I can get the use of Mrs. Noowedd's shell cups and saucers next Friday and Mrs. Hifly will loan me her spoons and Mrs. Housekeep will let me have some of her nice oolong mixture—I believe I'll buy a pound of sugar and give a pink tea."—Louisville Courier-Journal.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Lack of Order.

It is astonishing how all of us are generally cumbered up with the thousand and one hindrances and duties which are not such, but which nevertheless wind us about with their spider threads and fetter the movement of our wings. It is the lack of order which makes us slaves. The confusion of today discounts the freedom of tomorrow.

MALARIA IN THE SYSTEM

Holly Springs, Miss., March 24, 1903.

While building railroads in Tennessee some twelve years ago a number of hands contracted fever and various forms of blood and skin diseases. I carried S. S. S. in my commissary and gave it to my hands with most gratifying results. I can recommend S. S. S. as the finest preparation for Malaria, chills and fever, as well as all blood and skin diseases. W. I. McGOWAN.

I suffered greatly from Boils, which would break out on different parts of my body. I saw S. S. S. advertised and after using about three bottles I was cured, and for the last three years have had no trouble whatever. A. W. ZEBER.
217 Read St., Evansville, Ind.

I began using your S. S. S. probably ten years ago for Malaria and blood troubles, and it proved so good that I have continued ever since using it as a family remedy. It is a pleasure for me to recommend S. S. S. for the benefit of others who are needing a first rate blood purifier, tonic and cure for Malaria.
Arkansas City, Ark. C. C. HEMINGWAY.

Boils, abscesses, sores, dark or yellow splotches and debility are some of the symptoms of this miserable disease. S. S. S. counteracts and removes from the blood all impurities and poisons and builds up the entire system. It is guaranteed a purely vegetable remedy. Write for medical advice or any special information about case.

Too Advanced For Him.

In Chicago there is a principal of one of the public schools who in his college days was considered something of a "shark" at Latin and at many other studies besides. What he did not know about physiology was hardly worth knowing. He was a "grind" and a scholarship man.

His little girl, aged six, is now a pupil at the experimental school at the university, where she learns many things out of the order of public school education. Recently she fell and hurt herself. Her father found her crying.

"What's the matter, Noreen?" he asked.

"I fell and bumped my patella," she replied. Remember this was in Chicago, and not in Boston.

Papa was sympathetic. "Poor little girl!" he said, and proceeded with the best intentions to examine her elbow. Noreen broke away in disgust.

"Huh!" she snorted. "Haven't you never learned anything? I said my patella! That isn't my elbow. My elbow is my great sesamoid."

Papa went for a Latin dictionary.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. Bucklen & Co., Chicago, Ill., and Windsor, Canada. All druggists.

The Benefit of Fairy Tales.

It is very reasonable to argue that no creation of human fancy could last as fairy tales have lasted through no one knows how many hundreds and thousands of years unless it was very good. For that which is not good and not sound must surely die, and only that which is good and sound shall last through the grinding of the ages.

So I believe that parents should fill their children's imaginations full of fairy tales if they would make those imaginations strong and healthy. As for that man or woman who has not these bright and joyous things of fancy flying like golden bees through the dim recesses of his memory, I can only say that I think his or her parents must have been neglectful of the earlier training of their child and that I am sorry for that poor soul who has lost so much pleasure out of its life.—Howard Pyle in Book News.

Itch—Ringworm.

E. T. Amess, Wingo, Ky., writes, April 25th, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable. I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me permanently. Since then I have used the liniment on two separate occasions for ringworm and it cured completely. 25c, 50c and $1 bottle. Sold by W. M. Johnson.

A Thoughtful Beggar.

J. Stanley Todd, the portrait painter, was talking about the beggars of different lands. "I have met," said Mr. Todd, "beggars of every description—shy beggars, blustering ones, old beggars, robust ones—but the most remarkable beggar of the lot was a man whom I never met, yet whom I never assuredly will forget. All I saw of this beggar was his hat and his chair. The chair stood on a corner of the Rue St. Lazare in Paris. The hat lay on the chair, with a few coppers in it, and behind the hat was a placard reading, 'Please don't forget the beggar, who is now taking his luncheon.'"

A Humble Apology.

Conversation overheard in a London street; scene, laborer working on a scaffold, contemplating surrounding view, when his foreman comes along down below and, looking up and seeing him idle, calls out to him: "So yer 'aving a look round! What do yer think of the weather?" Workman (looking down with contempt)—Noa; I'm a-working! Foreman—Oh, I beg yer pardon! I'm sorry I stopped yer!—London Globe.

What Tact Is.

What we call tact is the ability to find before it is too late what it is that our friends do not desire to learn from us. It is the art of withholding on proper occasions information which we are quite sure would be good for them. —S. M. Crothers.

Etiquette.

Anxious writes, "What are the duties of a father at his daughter's 'coming out' party?" To put up and shut up.—New York Herald.

HOCH CLAIMS THIRTEEN WIVES

He Turns His Back on Twenty-Six Women Who Say He Married Them.

Chicago, Feb. 13.—Johan Hoch presented himself for further examination by witnesses and the jury. Before a curious throng he sat while the manner of Mrs. Walker-Hoch's death was described. Before entering the jury room in the criminal court building he confessed to having married 13 of 39 women who claim him as husband.

Two in Milwaukee and two in Cincinnati were admitted by him. It is predicted by the police that he will own up to fully 30 of them before the inquest. He denies that he poisoned any of them. All along the route from the Chicago avenue police station to the court room the streets were crowd-

ed with people eager to get a glimpse, despite the cold, as if a big paarde were anticipated.

All these people saw was a covered patrol wagon. Hoch kept his overcoat collar turned up and hung his head as he entered the court building. All sorts of remarks were made about him by the throng, but he never responded.

Mrs. Emilie Fischer-Hoch, his latest spouse, Mrs. Bertha Sohn, Mrs. Emma Necken, one of Hoch's wives; Mrs. Delfuego, an interpreter, and Mrs. Klippel, a friend of Mrs. Fischer-Hoch, were the only women in the room.

At the inquest Hoch sat at the head of a long table. The good humor that marked him on his arrival had departed. He sat in a dejected attitude with his eyes downcast, rarely looking up.

MERCHANT COMMITS SUICIDE.

Ostensibly on Bird Hunt—Fnancial Troubles the Cause.

Swainesboro, Ga., Feb. 13.—Aaron C. Herrington, a merchant living at Blun, 9 miles from here, committed suicide by shooting his brains out with a double-barreled shotgun.

Herrington left home to go bird hunting. He went to one Sparks, who lives about a mile from Blun, and asked him if he cared to walk over to the station with him. Sparks declined to go. A few minutes after Herrington left, his gun was heard.

Late in the evening Spaks saw buzzards flying around, and on investigation found that it was Herrington's body that attracted them.

Herrington had dealt heavily in cotton and it is said that he was on the verge of a business failure. He had talked of being worried by his debts. He was about 35 years old and leaves a wife but no children.

GIRL ELOPES ON EVE OF WEDDIN

GIRL ELOPES ON WEDDING EVE.

Virginian Cheats One Man, but Makes Sure of a North Carolinian.

Norfolk, Va., Feb. 13.—The marriage of Nettie E. Lattimer and Raymond W. Spruill did not take place in South Norfolk for the reason that the bride-elect had eloped with Herbert Drewery to Southmills, N. C., where they were married at midnight by a justice of the peace, who was called from his bed to perform the ceremony.

Everything was in readiness for the Spruill-Latimer nuptials, wedding invitations having been issued, the bride's outfit finished and the minister engaged.

The elopers missed the train they aimed to take, but eluded the girl's mother and were married before they could be caught.

Steel Trust Invades Mexico.

Austin, Tex., Feb. 13.—James Krennick and John Wall, who are said to be acting for the United States Steel corporation, have made application to the Mexican Government for a concession to establish a big iron and steel plant at San Luis Potosi, Mexico, to compete with the recently established steel plant at Monterey at a cost of $10,000,000.

WOMAN ALONE IS GUILTY.

Mrs. Kate Edwards Declares No One Helped to Kill Husband.

Reading, Feb. 13.—Mrs. Kate Edwards, sentenced to be hanged next Thursday, made a sworn statement to her attorneys which is said to exonerate Samuel Greason, her accomplice, whose execution is set for the same time.

Ever since Mrs. Edwards has received spiritual ministrations at the hands of her old pastor, Rev. Stephen Schweitzel, her conscience has been troubling her, and at noon she sent for her attorney, Oliver Lentz, and Elwood H. Deysher, who has been recently associated in the case, and they had a four hours' conference.

Her statement, which has been expected for some weeks, was reduced to writing and sworn to before Notary Public William A. Oaks.

The attorneys refuse to make its contents public before it is laid before the board of pardons, but in effect it details the story of the murder and exonerates Greason.

CHARGED FOR SAVING A LIFE.

Insane Man Was Freezing to Death and Rescuer Wants Pay.

Raleigh, N. C., Feb. 13.—The strangest bill ever presented in this state is one from H. A. Lineburger, of Gaston county, for rescuing a half-frozen insane man from the county home, the bill be for $25.

It was not only paid, but Lineburger was given some very plain talk by the county officials. It was found that three young men on their way home from a hunt reached a pond and discovered an old man standing waist deep in the water and almost frozen.

They tried to rescue him, but failing to do so, went to the house of Lineburger, quite near, told him of the trouble and requested his aid. He accompanied them to the pond and they finally rescued the man.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

SAID SHE MUST DIE BY FIRE.

Girl In Religious Frenzy Poured Oil on Clothing and Set It Afire.

Chicago, Feb. 13.—Believing that the millennium was near and that she had received a divine call to offer herself as a sacrifice, Miss Frances Wakely, victim of a weird religion, poured oil over her clothing, placed herself on a bed as if lying on a cross, and set herself afire.

"No, no," she insisted when neighbors tried to drag her from the flames and wrap her in blankets. "The Redeemer is coming and I want to be ready to receive him. Don't stop me. I was asked to do this during the night and you are sinning not to allow me to die."

The young woman had been studying a translation from the Persian—"The Revelations of Baha-Ullah."

Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young of Clay, N. Y., did. She says: "I had nenralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women." Sold under guarantee by all druggists at 50c a bottle.

Miners Turned Away from Mines.

Essen, Prussia, Feb. 13.—The strikers' executive committee of seven sent the following telegram to Chancellor Von Buelow

"At a conference of delegates of the striking coal miners held Feb. 9, it was determined to resume work. In this way they met the wishes of your excellency, but the workmen were turned away in masses from many of the mines. Great excitement has been caused by this action, and we in consequence fear the worst. We beg your excellency to use influence in authoritative quarters to prevent these things from occurring again."

Perfect Confidence.

Where there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford of Poolesville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remed, for I have used it with perfect success. My child, Garland, is subject to severe attacks of croup, and it always gives him prompt relief." For sale by all druggists.

WAYS OF THE MOOSE

CHARACTERISTICS OF THE NOBLEST OF ALL WILD ANIMALS.

The Largest of the Deer Family, Living or Extinct—The Alaskan Bull Moose Have the Greatest Antlers. The Cow and Her Ungainly Calf.

Now and then in wanderings through the mountain and forest one comes upon a gigantic blackish brown deer which by reason of the great length of its yellowish gray legs stands higher than a tall horse. It is clothed in coarse, bristly hair, longest on the neck and shoulders, and it has a rather ugly overhanging nose which distinguishes it at once from all other kinds of deer. From the throat of the male hangs a long hair covered appendage known as the "bell," and in the fall and winter he has also a pair of widespreading antlers, very heavy and much flattened or "plamated." He stalks the forest through undergrowth and over fallen trunks like a king of giants, or, if alarmed, he speeds away at an amazingly swift swinging trot and with a crashing which resembles the sound of falling trees. Such is the moose, the largest of all deer, living or extinct.

The moose is chiefly an animal of the northern woods, the southern limit of its range being the head of Green river, Wyoming. It is also found in northern Maine, New Brunswick, southern Canada, Idaho, British Columbia, Alberta, Athabasca, Yukon and Alaska. It is strictly a dweller of the forest, seldom venturing to treeless plains. It lives for the most part by browsing on the leaves, twigs and bark of trees, particularly young trees. In order to reach the tops of tall saplings the moose rears up against them, straddling them with his long legs and literally riding them down. He is fondest of birch, hemlock, alder, aspen, willow and maple. He also eats mosses and lichens.

In May the "cow," as the female moose is called, gives birth to a long legged, ungainly, tawny colored calf, to protect which the mother will fight any woodland creature to the death. She has no antlers, but she can use her great sharp hoofs with the skill of a prize fighter and has been known to pound to death a large black bear and fairly trample his body into the ground. The calf stays with its mother for two or three years, or until he wanders off to seek a mate for himself. One day last summer I came suddenly upon a cow moose standing knee deep in a shallow pond, while from beneath her neck her grotesque looking calf peered out at me with eyes wide open, as if with astonishment. I hurried home and returned with a camera, but when I reached the spot they were gone.

Like all American deer, the "bull" moose sheds and renews his antlers every year. They become full grown, hard and sharp about the 1st of October, the beginning of the breeding season. At this time of year the bulls are very savage and not only fight furiously among themselves, but are apt to attack anything or anybody who comes in their way.

The call of the bull is a long drawn bawl with several loud grunts at the end. If there is a cow within hearing she will answer with a low cry, and the bull will come forward to meet her. Hunters often take advantage of this fact and attract the bull by an imitation of the call of the cow, executed on a cone shaped horn made of birch bark. Lying concealed on the bank of a lake or stream, they give out the call, and when the bull comes within range they shoot him. But as this trick is usually played at night and as the bull sometimes never gives any warning of his coming until he is almost on the spot the sport is apt to be dangerous. The bull at such a time is in no mood to be trifled with, and unless the hunter is cool headed and a good shot the moose is not only willing but very able to kill him and a dozen like him if they happen to be on the spot.

Probably the largest moose of which there is reliable record was shot by Carl Runghus, the animal painter, in New Brunswick in 1901. This great beast stood seven feet high at the shoulders, and the length of its head and body together was nine feet seven inches. The Alaskan moose have the largest antlers, and one pair from an animal shot on the Kenai peninsula has a spread of seventy-eight and a half inches and has thirty-four points. With the dry skull to which they are attached these antlers weigh ninety-three and a quarter pounds, a weight which nothing but an animal of gigantic strength could carry at top speed over the roughest ground and through thickly wooded country.

In the winter, when the snow is deep, the moose, sometimes several families together, will gather in a certain section of woodland and be breaking out paths for themselves over a space of perhaps several acres from what is known as a "yard," where, if not disturbed, they may stay for weeks together. But the moose is able to travel well on all seasons, and even in deep snow its long legs enable him to move who tries to run him down on snowshoes.

A wild, free life is the only one on which a moose can live and thrive. In captivity it is much less nervous than most deer and is disposed to be gentle and affectionate. But, as a rule, it will live but a short time, even though it gets the same food which it had in its native woods. It may appear to relish its food, but it will grow to no great size and in a short time will probably die of inflammation of the stomach.

This is one of the noblest wild animals in the world, and it should be given adequate protection throughout its range.—Bangor Commercial.

Another Case of Rheumatism Cured by Chamberlain's Pain Balm.

The efficacy of Chamberlain's Pain Balm in the relief of rheumatism is being demonstrated daily. Mr. and Mrs. Wolfe of Indiana, who recently arrived in this city, have moved into the Starke home, North Gainesville, and will make their future home here. It is hoped they will be pleased.

L. C. Glover of Coshocton, Ohio, representing the United States Calendar Company, one of the largest of its kind in the country, is in the city in the interest of his line. Mr. Glover is registered at the Brown House.

Do your real estate business through the members of the Florida Real Estate and Immigration Association, whose members are reliable business men. For complete list call on or write Chas. Davies, secretary, 214 West Bay St, Jacksonville, Fla. 12t.

After a pleasant visit of several days to friends in this city, Miss Helen McArthur departed yesterday for Ocala and other points, where she will be the guest of friends. Miss McArthur is a general favorite here, where she resided for several years, and her friends are always delighted to see her.

W. A. McGriff, formerly of this city, but now conducting a drug store at Wauchula, DeSoto county, was on a brief visit to friends here Sunday. Mr. McGriff states that he is well pleased with his new home, and is prospering in business, but he cannot forget Gainesville and his friends here.

W. F. Greig, one of the contractors of the new Episcopal church building, has gone to Jacksonville. It will be remembered that Mr. Greig a few days ago had the misfortune to sustain a painful wound in his right foot, a hatchet having slipped from his hand, cutting his instep. He is getting along all right, however, and will be enabled to resume his duties in a few days.

Miss Nellie Cheatham, an accomplished young lady of Manchester, Va., has been in the city for the past two or three days on a visit to the Misses Robertson. Miss Cheatham is a young lady of excellent attainments. She is a fine vocalist, and delighted her friends here by singing. It was to be regretted that she could not remain longer, but those who had the honor to meet her trust she will return at some future time.

W. W. Pemble of New York, the clever representative of a wholesale paint house and one of the most popular traveling men who ever came to Florida, spent Sunday in this city. Mr. Pemble is the originator of the famous order of O-Rang-O-Tangs, from which so much genuine fun has resulted throughout the country. He is in himself original, and the result is that he numbers his friends by the score. Mr. Pemble has been unwell for the past few days. He administered to himself a package of Foot Ease, combined with a headache powder, and since taking declares that he has been "upside down."

READ THIS.

Mobile, Ala., Dec. 24, 1890.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: Having tried different doctors and their remedies for several years for back and kidney troubles, I found nothing successful until taking The Texas Wonder, Hall's Great Discovery, and being rapidly cured, the old saying with railroad men is "God bless the man who invented the Pullman sleeping car," but I say "God bless the inventor of Hall's Texas Wonder." Yours truly, W. B. CLARK.

M. & O. R. R. Co., Mobile, Ala.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

F. T. Baker and W. J. Evans, two progressive citizens of Island Grove, were among the visitors to this city yesterday.

Lucas Black of Hague, junior member of the firm of Padgett & Black, naval stores operators, was a business visitor to Gainesville yesterday.

Mrs. Annie Jondan of Indianapolis, Ind., has arrived in the city, and will remain here several weeks as the guest of her brother, Jas. M. Graham.

W. E. Crozier departed yesterday for Bronson, where he goes to organize a lodge of the Master Workmen of the World. Mr. Crozier has just instituted a fine lodge in Cedar Key, which promises to prove one of the best in the State.

C. H. Beall of Uniontown, Pa., who is camping with a party of friends at Palmer, spent Sunday in this city with friends, Dr. H. Herzog and Mr. Stevens. Mr. Beall states that the party is enjoying life, and has all the fish and game desired.

The Jones-Adams Carnival Company arrived in the city yesterday and had a wet time in making preparations for their exhibitions. It is expected to have everything in order to entertain the people today. The tent is located on West Main street north show grounds, along the A. C. L. track.

Mr. and Mrs. J. M. Graham and Mrs. George Graham expect to make their departure today for Miami, where they will spend a few days delightfully. The latter is from Crawfordsville, Ind., and is here on a visit to her relatives. She is delighted with Florida. It is needless to add that the trip on the East Coast will be thoroughly enjoyed.

Frank S. Davidson and his famous company, band and solo orchestra are booked at the opera house for Friday evening. The new "Old Farmer Hopkins" will be presented in a faultless manner, as a complete scenic outfit is carried adaptable to any stage. Although the expense incurred by this organization, comprising twenty people, is nearly double that of the ordinary company, the prices are fixed within the reach of everyone. A crowded house will be the result.

MR. GODWIN MARRIED.

Was Wed to Miss Altia Maud Thomas of Ronoake, Va., Feb. 8.

The friends of D. E. Godwin, formerly of this city but now residing at Fairbanks, will learn with surprise of his marriage. Mr. Godwin was so long in the bachelor's ranks that hope for him from a matrimonial standpoint had been abandoned, but on Wednesday, the 8th inst., he was married to Miss Altia Maud Thomas of Ronoake, Va. The ceremony was performed at the home of the bride's sister, Mrs. Eugene Davis, at Ronoake, and immediately after the ceremony the happy couple left for their Florida home.

Mr. Godwin is the popular manager for the McDonald naval stores plant at Fairbanks. He and his estimable wife spent Sunday in this city, and were kept busy receiving the congratulations of friends.

MRS. R. WILSON.

WILL PLAY BALL.

Lake City and East Florida Seminary Will Cross Bats on Feb. 22.

R. E. Kennedy of Jacksonville, who came to organize the baseball team for East Florida Seminary, states that he is making fair progress. Mr. Kennedy has succeeded in organizing, but owing to the inclemency of the weather has not been enabled to put the team into practice. He believes the material to be good, however, and says he will make of the Seminary team one of the best college teams in the State. As soon as the weather clears it is proposed to practice daily.

Mr. Kennedy stated yesterday that one game has already been secured, the Seminary boys and the team from the Florida University, Lake City, having arranged to play a game here on the 22nd inst. This promises to be an interesting event, as the Seminary boys will be in good trim by that time. The University boys are said to be as fine as any college team in the State, and our people may expect an exciting event.

Mr. Dorman's Misfortune.

The friends of Chas. F. Dorman will regret to learn that on Sunday he was afflicted with paralysis, his entire left side having become affected with this dreaded disease. The affliction of Mr. Dorman will be greatly regretted, and it is to be hoped he will recover in a few days.
